Spirit Communication is part of Tony's fundamental religious belief. Any demonstration of Mediumship is an experiment and results are not guaranteed. Those attending this demonstration must be aware that Spirit Communication will be attempted and should you choose to attend you will be willing to take part in this experiment. We recognise that differing opinions exist as to the validity of mediumship but by attending this event you are happy to witness and take part in this practice and understand not every person in attendance will receive an individual message of mediumship.
